Dear The Federal Communications Commission,

A few years ago I called the number on the back of my home phone bill to inquire about all those government charges. I was told that part of it goes to help pay the phone bills of low income families--those who couldn't afford to pay their own bills. Well, if this is true, it is bull****! No one EVER helps me pay my bills. If I chose to live a "simple" life, and not want to work for what I have, I would support this. But I do work hard for my money, have never filed bankruptcy, and pay all my bills on time. This act needs to be stopped!!!!!!!!!!

Sincerely,

Scott Pedigo
